TUESDAY, Sept. 10-r. M. The Stock market to-day, with a fair degree of activity, was generally firm, although the Share market at the close did not fully sustain the highest points touched. Some of the prominent bears hummered with considerable vigor but with little effect. The feeling at the Board is generally hopeful, and there evidently are some combined movements going on in some of the cheaper Railroad Stocks for the rise. In the present easy state of the money market, and with the approaching season of heavy earnings on the Western Roads, it is not difficult to establish a moderate advance in quotations. The bulls have rather more help from the public than they have had of late, as is evident from the greater number of orders being executed by the commission-houses. The advices from the South are also calculated to inspire confidence in the street speculators. This will do much to systein an upward movement. At the Second Board the market was fairly active and generally firm. Pacific Mail was the most buoyant, selling to 81 against 78 yesterday. Central was 751, a slight improvement on yesterday. Toledo Erie was vis in active demand and advanced to 301. ako | P cent better, selling at 26. Some orders to buy is have come out by the recent steamers. The diffities between this company and the Central, are, we er, in a fair way of arrangement. In State bonds tod; the market has been heavy, especially for the bads of the seceded States, under the rumor that the 6 ceroment would interfere to prevent dealings in En. Tennessee was the most depressed, falling under

At the close in the street, the market although dull, was steady at full selling prices of the Board. The closing prices were: United States 6s, 1881, registered, 90 2 904; United States 6s, 1881, coupons, 904 2 901; United States 5s, 1874, coupons, 80 @804; Tennessee State 6s, 414 @412; Virginia State 6s, 544 @55; Missouri State 6e, 43] @ 43]; Canton Co., 9] @ 10]; Pacific Mail Steamship Company, 801 w81; New-York Central Railroad, 731 w731; Erie Railroad, 251 #26; Hudson River Railroad, 33; #33; Harlem Railroad, 10; #10; Harlem Railroad, Preferred, 25; # 26; Reading Railroad, 36 2 361; Michigan Central Railroad, 43; 2044; Michigan Southern and Northern Indiana Railroad, 14:214; Michigan Southern and Northern Indiana Guaranteed, 314 @ 311; Panama Railroad Company, 110 2011; Illinois Central Railroad Scrip, 67; 268; Galena and Chicago Railroad, 69; 2 691; Cleveland and Toledo Railroad, 301 @ 301; Chica-

lington and Quincy Railroad 63; #64; Illinois Central Bonds, 7s, 921. The business in foreign bills for this steamer has been to fair extent, and the quotations have been sustained. Sterling is 1072 @108—the latter asked for bankers', and 106 | @107 | for merchants' signatures. There have been some large settlements with bankers this packet, which have absorbed a considerable amount of bills. France are 5.40 \$5.35, with a prominent drawer ask-

go and Rock Island Railroad, 45 w 451; Chicago Bur-

ing 5.30. Freights are firm but less active. To Liverpool: the engagements include 10,000 bush. Corn at 10d. in bulk; 1,000 bbls. Flour at 2s. 4jd. @2s. 6d.; 12,000 bush. Wheat at 11d. @111d., in ship's bags; 500 boxes Cheese at 45s.; 50 tuns Oil Cake at 27s. To London: 18,000 bush. Corn at 111d., in ship's bags; 18,000 bush. Wheat at 12d. @ 121d., in bulk and bags; 1,000 bbls. Flour at 3s. 3d. @3s. 6d. To Havre: 46,000 bush. Wheat, in shipper's bags, at 23c., and 2,000 bbls. Flour at 80c. A vessel was chartered to Bordeaux with Wheat at 25c., and Flour at 90c.

The business of the Sub-Treasury was: Receipts, \$652,252 12-for Customs, \$7,000; Treasury Notes, \$516,900, and for Payments, \$1,288,058 32; Balance, \$12,671,305 51.

Mr. Cisco bas received a draft on Mr. Stevens, Chairman of the Bank Committee, for \$3,500,000, being 10 *P cent. on the National Loan. It will be paid by the Banks to-morrow. This will make an aggregate of 46 ♥ cent, or \$16,100,000, paid up. The Bank specie will be reduced by this payment to about \$35,-700,000, against \$50,200,000 when the loan was taken.

The subscriptions to the National Loan continue to be very encouraging. The applications to-day at the Sub-Treasury-exceed 200, and the aggregate subscriptions reach \$505,000. Among the subscribers was the Greenwich Bank, which having been ruled out of the general bank subscription, takes \$20,000 on its individual account. Among the deposits to-day was one of \$150 by a negro, the first colored deposit that has been made. The contraband had not the slightest idea of what interest is, but was only impressed with the intention of lending Government his little mite to aid in carrying on the war.

The sixty-day six per cent Treasury Note Loan for five millions came due yesterday, but we cannot learn that any demand for payment has yet been made by the banks. Being due, they are now receivable for installments on the last loan.

Demand Treasury Notes come in slowly for redempion. To-day about \$1,200 have been redeemed and \$500 paid out to parties who desired them in preference to gold. Only the smallest denomination apppear to be wanted.

The dealings in six per cent two-year Treasury Notes continue to be very large in the street, and the quotations are firm at 98; 209. They do not come out on the market very freely, and if the banks take the second fifty millions of the loan on the 1st of October, as there is no doubt they will, the supply will be rapidly absorbed at higher rates to meet installments on that negotiation.

The mint has made thus far this week even smaller returns than it did last week.

Is not offering to sell Government securities short, and thus depressing the price and rendering future negotiations by the Secretary of the Treasury difficult, a species of treason? Will the District-Attorney look up his authority on this subject, and then take a look into Wall street ?

The American Bank Note Company have forwarded to Washington \$300,000 of the 7.30 notes. They will be prepared in a few days to furnish large amounts. We annex a comparative statement of the exports

The business of the Norwich line by road and boat is constantly increasing. The express freight train from Boston of last Thursday night, was the largest ever sent over the road, consisting of ninety-seven cars. The condition of the road and equipment can be inferred from the fact that only one engine was required to draw this immense train.

The first special sale of dress goods this season was held by Van Wyck, Townsend & Warren this morning, consisting of 3,000 pieces merino cloths and 3,500 pieces mous delaines, of the importation of C. Morlot & Co. Beside city jobbers, buyers were attracted from Boston, Philadelphia, Baltimore, and the West. The number of buyers was fair, but small in comparison with former seasons, owing to the great number of failures since last year. Prices realized were very low, not paying the manufacturer.

The Cincinnati Gazette says that " the lines of railroad leading from that city toward the seaboard are now taxed beyond their capacity in bringing the crops toward their market."

The business of the Clearing-House to-day was \$14.001.000.

At Philadelphia, the subscriptions to the National loan reach a million and a half. At Boston, the Banks have placed about one quarter of their subscriptions. The Bank of Pittsfield takes \$50,000.

It is stated that an English gentlemen has drawn thirty thousand dollars from a banking house in this city, who were paying him four & cent & annum, and a few days since invested it with the Government, who are paying seven and three-tenths ? cent ? annum. He has written to his friends in London, advising them to invest \$500,000 in the same securities.

We have a copy of the circular of Mesers. Samuel Hallett & Co., prepared for the steamer of to-morrow. It contains a very full and valuable review of the debts of the Slave States which, but for its extreme length, we should be glad to copy. The summary of

the debts is as follows:

One of the most striking effects of the rebellion is the excessive depreciation in the market value of the bonds of all the seceding States, in which those of Kentucky and Missouri, States loyal to the Government, largely sympathize. The following table will show the amount of these debts, and the objects for which they were contracted:

The Circular also gives the statistics of the Illinois Central Road since 1856. The land grant to this road was made in 1850. Its construction was commenced in 1851, and was opened as follows: In 1852, 14 miles; in 1853, 149 miles; 1854, 256 miles; 1855, 221 miles, and in 1856, 77 miles. The land grant embraced 2,590,000 acres, and was set apart as follows: To secure the construction bonds, 2,000,000 acres; for interest on the same, 250,000 acres, leaving free 345,000 acres, which were afterward mortgaged to secure a further issue of \$3,000,000 termed free land bonds. the previous week of \$812,798. There is a further loss of coin of \$562,112—making a loss for the last two weeks of \$870,217. The circulation has again slightly The Lowell News says:

The Merrimac Manufacturing Company in this city have now on hand in their storehouses about 5,000 bales of cotton, sufficient to run their entire machinery for six months. Cotton is now worth 23 cents, and the advance over what the company paid for their sup-ply was upward of \$130,000. Cotton cloth is advanc-ing in price, though not in proportion to cotton. The Boston Transcript says:

There is not only a great improvement, but much activity in the dry goods trade of this city. The demand for goods from the West is brisk from houses of the first-class in that section of the country. The prices of many leading articles have advanced within the past few weeks, and many of the factories will not be able to fill all their orders for Fall goods.

WERT ALEARN, Sept. 9, 1861.

BERNES.—The supply is fair, there being 3,700 head on sale, but the trade is languid, holders asking an advance which the buyers will not concede, the Eastern men buying very sparingly, we think less than any week for two or three months past. The quality this week is mixed, the general is better than last week, there being several droves of premium among them, while there there being several droves of premium among them, while there is some that can scarcely by called beeves. Many of the droves changed hands at Buffaio and Suspension Bridge, some of which must loose money if sold here at the general ruling prices to day.

UNITED STATES DISTRICT COURT—SEPT. 10.—Before Judge SHIPPLM.

THE RECAPTURED ERIG CUBA—CLAIR FOR SALVAGE. Daniel J. Strout agt. the brig Cuba.—This is a claim for salvage for one-quarter of the value of the cargo of the brig Cuba, which was recaptured by Captain Strout, his mates and the steward, after she had been seized as a prize by the privateer Sumter. It appears that on the 2d of July last the brig sailed from Trinidad for London, with a cargo of sugar and molasses. On the 4th of July she was seized by the privateer Sumter, and Capt. Semmes, after destroying all of Capt. Strout's papers except his register, placed a prize crew on board the Cuba, and attempted to tow her in to Cienfuegos. The brig Machias wasfalso taken about this time, and the Sumter took her in charge. The prize crew on the Cuba were directed to take her into port, but, subsequently, Capt. Strout, assisted by his mates, at a favorable opportunity, regained possession of the vessel, and brought her to this port. The owners of the vessel admit the claim for salvage, and offer no defeuse. The value of the carge is about \$15,000. The claim is contested by the agent of the Lloyds, in behalf of the cargo. The right of the mates and steward to salvage is admitted, but the Captain being a part owner of the vessel, the claim is contested as far as he is concerned. Captain Strout was examined this morning. His testimony substantiates the statements published at the time the vessel arrived in this port. Messrs. Benedict, Burr & Benedict appeared for the plaintiff, and Martin & Smith for the agents of Lloyds.

SUPERIOR COURT—SPECIAL TREEN—SEPT. 16.—Before Justice Bosworms.

John Shepard agt. Calvin V. Rivenburg.—Payment of less than the face of a regular and valid judgment on a promise to accept the sum paid in satisfaction does not operate as a satisfaction. Such a promise is without consideration. The delivery of a satisfaction-piece acknowledged by the attorney on payment of less than the sum due, and entering a satisfaction on the docket of the judgment without entering satisfaction on the roll, do not make an execution subsequently issued to collect the balance unpaid irregular. (7 Wend., 35.) The recovery is not thereby discharged of record. The phintiff has no legal right to relief without paying the balance due, and on the facts stated in the opposing affidavit, has no equitable right. Motion to set aside execution, with \$7 costs.
